YEARS IN THE
MAJORITY

HRCC: 20 YEARS IN THE MAJORITY

HRCC Friends and Family,

Twenty years ago Catherine Hannaway and Rod Jetton officially created the Missouri House Republican Campaign Committee, taking the first step in winning the Republican majority. With support from many of you and the efforts of this new committee, they would become the first Republican Speaker and Majority Floor Leader to lead our caucus in 42 years and only the 3rd time in our states history.

Now twenty years since our inception, our motto of “One Caucus, One Party, One Mission” is still our guiding principle. During that time, HRCC has not only maintained our majority but in 2012, secured a Republican super majority for the first time in history. The success of HRCC has always been our ability to harness the unique opportunity of talent and treasure. We recruit quality candidates, retain talented staff and raise exceptional resources that allow us to be victorious on Election Day. That recipe for success has helped make Missouri HRCC “the most effective political organization in the state” and “one of the most successful in the country.”

During our time in the majority, Republicans can point to our steady conservative leadership, guiding our state through many challenges and onto countless successes. We have limited the size and scope of government, pushed back against the bureaucracy and created a more efficient and effective government for the people of Missouri. We passed the largest tax cut in Missouri history for working families. We removed burdensome regulations, making it easier to start and grow a small business. We prioritized education, investing record funding in our k-12 schools and universities. We led the country in defending the sanctity of innocent life and protected our constitutional rights. Missouri Republicans have made our state a better place to live, work and raise a family.

Thank you for being part of the HRCC family that has made us successful for the last twenty years and we are looking forward to working with you for the next twenty.

Dean

Dean Plocher
